Dear Parents/Carers,

Bright Futures Fund (BFF) Launch

Today, we are launching our Bright Futures Fund! The aim of the fund is to support students within the Netherhall and Oakes School Community who are in need by providing the students with key materials to assist with their learning.

We would like to ask for your help to support our students towards a brighter future by contributing with a donation. Using your voluntary contributions, we will be able to support students by providing students in need with the following: school equipment, uniform, food packages and support towards school trips for students who cannot afford the price of the trip. The funds will also support projects such as new sports equipment in our playground and extended IT suites for the whole school community.

We will provide termly updates of the donations we have received and what the donations have been spent on via the school's newsletter.

If you would like to contribute to the fund, either as a one off or through a repeat payment, please click [here](#) and select 'donations'. Guidance on how to set up a repeat payment can be found below.

Kind regards,

Tom Hunter
